"Let the poor be not forgotten, and let those who have prospered remember those who have not, for the sincerest expression of gratitude is not in fulsome words of the mouth, but in deeds of charity and kindness to those who need help."—Gov. Beckham.

Items of Local Interest.

Go to church today. You measly old sinner, you've got lots to be thankful for.

Go over to the musical contest at Stanford tonight. Its going to be a hummer.

The pay car, known among the railroad boys as the "bread wagon," was here Friday.

Go over and applaud for the Lancaster entries in the musical contest at Stanford tonight.

The date for the Watterson lecture at Danville has been changed to Thursday, Dec. 4th. Don't get this confused with date published in last issue.

Paper Sold.

The Harrodsburg Democrat was sold Saturday. Lew B. Brown, formerly editor of the Spencer Courier, has bought the paper from W. P. Walton and will assume immediate charge.

Kirkville Sale.

Mr. James B. Walker, the well-known Kirkville merchant, sold to Mr. R. S. Brown, another merchant, his residence and 15 acres of land, located in that thriving little town, for \$3,500.

Same Here, Too.

Somerset Journal.—The people of Somerset are in the main, intensely Kentuckian, with a homespun warp and woof in their general make up. They don't mind "going for" each other once in a while, but they despise the upstart stranger who takes that liberty upon short acquaintance.

Good Crops in Illinois.

In remitting for THE RECORD, our friend, Sam Sutton writes from Dewitt, Ills., that the corn crop was fine in that part of the state, and adds: "About half the crop has been gathered, it is making from 50 to 75 bushels per acre and is of good quality. Wheat though sown late, looks well. It has been exceedingly wet here the most of the year. Accept my best wishes for the continued success of your paper, and for the advancement of 'Old Lancaster.'"

Important to Sunday School Workers.

There is to be held in Louisville, Dec. 9-12, a unique and very important meeting. The State Sunday School Association has secured the services of four of the most eminent Sunday School experts in America to conduct a four days' Pastor's Sunday School Institute. All pastors will be entertained. While especially for pastors, everybody is invited. An unusually strong program has been prepared and will be sent, with other information upon application to E. A. Fox, General Secretary, Louisville, Kentucky.

We are looking more and more to our pastor's for leadership in the important work of the Sunday school, and believing that they would appreciate any effort to help them, this Institute is called.

Bad Manners.

If you want to see the number of ill-mannered, ill-tempered people in the community, just spend a few minutes in the telephone exchange, and you will be surprised to see how many there are. People who are considered respectable gentlemen (and ladies too) will yell at the operator and show in an instant that they have been brought up without any regard to good manners, and in some cases without being taught the first principles of politeness. Any one with a thimbleful of sense knows that an operator cannot answer half-a-dozen calls at once, yet people grind the crank on the phone like it was the handle of a coffee mill, and speak in a manner that they would not dare use to a person's face. Its pitiful to see a man so depraved, but there are many such cattle in the world, as we clearly saw the other evening while spending a few minutes in a telephone exchange not more than a thousand miles from THE RECORD office. A gentleman will act the gentleman, under all circumstances, and a tough will act the tough, equally as certain.

Several local Masons will go to Danville Monday night to witness work in the Royal Arch. Rev. Mr. Chumbley, J. W. Sweeney and P. P. Frisbie are the candidates.

"Mr. Plaster of Paris," as presented by Mr. E. J. Carpenter's Company of Comedians, who number among their ranks some of the best exponents of farce comedy in the country, will be presented at Opera House in Danville on Dec. 5.

Removals.

Charley Anderson and family have moved to Dr. Herring's residence on Richmond street, and Dr. Herring and family are residing in their new house just vacated by Rev. A. R. Moore. Mr. Moore is residing in the Dr. Beazley property, on Danville street.

Charley Buys Interest.

Our good friend, Charley Norman, of Lexington, has recently purchased an interest in the Navarre, one of the most popular resorts in Lexington, and will be glad to see his old friends. Everybody knows Charley Norman, as a more popular or bigger-hearted boy never lived.

Attractive Window.

An attractive window has been fitted up at Batson's White Elephant Store. A neat coop has been arranged, in which are two beautiful white turkeys. Their wings have been given a purple tint, and the legs are bronzed, making the birds exceedingly pretty. They are unusually large, and attract a crowd all the time.

Will Show at Kirkville.

The "Big Four" Minstrels, composed of young men of this place, will go to Kirkville Saturday night, Dec. 20th, and give a performance in the Opera House. The boys have been working hard, and will put up a good show. Many of the company have had experience "behind the cork" and its safe to say will give the people of that thriving city the worth of their money.

Post Your Land.

For the small sum of twenty-five cents, we will place your name in our list of posted farms, elsewhere in THE RECORD. We will run this notice every week. Its true your land is "posted" any way, but this adds to the strength of it, and shows the intruders that you will have no monkey business. Send in the quarter, and your name will be added.

Pilcher on The Tripod.

During the absence of Editor Groff, Mr. Louis Pilcher has editorial charge of the Nicholasville Journal. Louis is a fine writer, and a fellow with a head full of good, horse sense. He has been traveling in the West for the past year. Mr. Pilcher will be remembered by our older citizens as the gentleman who, with Capt. Sam Boone, conducted the biggest temperance revival ever held in Lancaster. They held the devil up by the tail, and did great good.

Gaines.

After a lingering illness, Mr. B. W. Gaines died at the family residence in this city yesterday morning at three o'clock. Deceased was seventy-five years of age and was born in Boyle county. He leaves a widow and eight children. The remains will be taken to Danville at ten o'clock this morning for interment. He was a good citizen and christian gentleman, and was widely known, and had many friends who extend sympathy to the family. As we go to press today it is impossible to give a more extended notice of the deceased.

"Satan" Is Climbing.

Louisville Times.—Mr. Robert E. Hughes is realizing all the high expectations that his friends raised when he assumed the position of secretary of the Kentucky Exhibit Association. He has brought to the duties of the office his long and successful experience as newspaperman combined with good judgment and industry. He is a born boomer and hustler.

Bob began his newspaper career as "devil" in the Lancaster printing office, and from the beginning, put in his best ticks toward reaching the top of the ladder. When he used to run about the office with an old bed-tick apron, a dirty face and several dabs of ink in his red hair, the boys called him "Satan," and he carries the nickname yet.

A Good Sale.

Many little commonwealth cases have been disposed of in circuit court this week. Among the number are several vagrants, who the court order sold. They will be put up Friday and sold to the highest bidder. All are negroes and about as trifling a set as can be found anywhere.

Hon. W. C. Bell Here.

Hon. W. C. Bell was in town this week and made us a most pleasant call. Mr. Bell, as we all know, is a candidate for Circuit Judge. He is a leading member of the Harrodsburg bar, and a gentleman of splendid attainments. He is a sociable, clever gentleman, and has a strong following in our county, having made a friend of all with whom he has become acquainted.

Here's A Pointer.

If you are in Cincinnati and can't get through with your business in time to catch our train, No. 11, at 2:40, you can wait and come out on No. 5, at 7:30 p. m., come to Richmond and stay all night at the Glyndon hotel and come on home next morning on Capt. Phil Price's train, reaching Lancaster at 10:40 a. m. This will be cheaper than staying all night in the city, and, beside, you save over half a day by it. You leave Richmond at 8:30, and Jno. Marrs will see that you have a good feed and a good night's rest, beside. This is worth remembering.

Richmond Items.

Register.—Messrs. T. D. Chenault, Sr., Harvey Chenault and T. D. Chenault, Jr., have sold 430 head of fine export cattle to Mr. J. W. Bales at 64 cents. One hundred and sixty of these were delivered the past week averaged 1556 pounds, which makes them bring \$101.14 per head.

The sale of Mr. George D. White was held Tuesday, November 18. Owing to the inclemency of the weather only a fair crowd was present. The land was taken down at \$57.50 per acre and only a few minor sales were made. Among other things sold was 500 shocks of fodder at 16 cents in the field. Mr. White has had several offers to sell privately, but is undecided yet what he will do.

Colby Jenkins Assigns.

Colby M. Jenkins, one of the most extensive farmers and tobacco raisers of this county and agent for the Continental Tobacco Co., filed a deed of general assignment in the Garrard county clerk's office yesterday of all his personal and real property not exempted by law. Capt. Wm. Herndon was named as assignee. His principal creditors were the National Bank of Lancaster, \$5,000; Farmers & Shippers Tobacco Co., of Cincinnati, \$2,021; Eddie Adams, \$900; White, Dunkerson & Co., of Louisville, \$500; and various other persons smaller sums. Mr. Jenkins principal assets consist of 335 acres of land in this county. His liabilities are in excess of his assets.

Circuit Court.

The November term of the Garrard Circuit Court convened Monday morning with Judge Sauley on the wool-sack and Commonwealth's Attorney John Sam Owsley looking after the interests of the state. The usual charge was given the grand jury, Judge Sauley dwelling at length on violations of the liquor laws, the chief trouble here in Lancaster. The criminal docket is made up of "custom grinding," that is, the usual pistol carriers, whisky sellers, and other small-fry being in the majority. The civil dockets have quite a number of cases, the most of them being against the railroad. Most of the cases against the road are for failure to get stock into Cincinnati at a specified time. The juries are made up as follows:

GRAND JURY:

W. S. Bourne, J. T. Ballard, J. W. Teater, C. K. Poindexter, John W. Roston, E. D. Cook, Talton Wheeler, R. H. Ballard, J. M. Palmer, W. R. Cook, O. J. Hendren, J. W. Mitchell, foreman.

PETIT JURY:

D. S. Swope, J. P. McCormick, George Sadler, Sweeney Morgan, Ollie Terrill, A. B. Estridge, Henry Vantress, S. W. Poor, Wm. Broadus, A. H. Stigill, M. Lear, G. H. Seerest, Robt. Clark, J. H. Arnold, W. B. Marksberry, C. T. Grimes, Thos. Stone, John Ballard, Nath. Bogie, Wm. Hughes, Milton Ward, J. N. Myers, A. T. Anderson, Pat Sutton.

Sportsmen, Think of This.

The quail season opened Saturday, and a general scramble was made by sportsmen to get into the field. The Shelby News says there is one thing, however, that should be remembered which may help to keep you out of trouble as well as out of other people's fields. The law says plainly that every man's land is posted whether it is marked or not, and any person who goes on such land without permission is a trespasser and is subject to indictment. Many of the farmers in the county have resolved not to put up with the usual trespass of the hunters this year so you had better know where you go. The farmers are right on this proposition. In the first place the quail on his farm are as much his own as his chickens in his barn yard, besides the ordinary hunter has little regard for the property of the farmer and too often leaves destruction in his path. If you have no friend that will permit you to hunt on his farm you had better buy you a ranch of your own and stock it with game to suit yourself.

A corps of geological surveyors is camped on Major Kinnaird's lot. They are making a complete map of this section. Their sketch of Dix river is splendid.

"Mr. Plaster of Paris," pronounced by the dramatic critics of the country to be one of the funniest farces ever written, will be seen at Opera House Danville, Dec. 5th.

You should see our elegant line of Rocker, and Diners, Center tables and Dining tables Folding beds and Bedroom suits at prices that will surprise you. G. L. Carpenter, Stanford, Ky.

Court Day.

Monday was rainy and cold, consequently few came to town. While business with the merchants was fairly good, yet it was not by any means what it would have been. A great many summoned as witnesses and jurymen for Circuit Court, got through and went home before dinner.

Ready For Occupancy.

The interior of the Baptist church has received all repairs, and will be used next Sunday, at the usual hours. The furnaces are completed, and will be fired up Sunday morning. This will be a great improvement over the old fashioned wood burning stoves that have done service for so many years.

Important Meeting.

The ladies Cemetery Auxiliary will have an important meeting next Monday afternoon, in Masonic Hall, at three o'clock. It is desired that every member be present at that hour. Those who have not paid their dues are requested to arrange same at their earliest convenience, as the end of the year is at hand, and the treasurer's books must be closed.

Lancaster Man's Good Luck.

Before the issue reaches our subscribers, the appointment of Gen. Dan R. Collier as pension agent for Kentucky will doubtless have been made. The president has signified his intention of appointing Gen. Collier, and as every prominent republican in the state is for him, there is no doubt of his success. The place was made vacant by the appointment of the former agent to the place filled by Dr. Hunter. Gen. Collier is a wheel horse in the republican party, and his appointment will come nearer pleasing all "wings" of the party than that of any other prominent man. He is an old soldier, having commanded a regiment during the civil war, and his selection will, of course, please the G. A. R.

Look After Your Hemp.

"You can say in THE RECORD," remarked Mr. H. A. B. Marksberry, "that we have information that hemp spread on wheat fields for setting is in a dangerous condition, as the rapid growth of the wheat has covered the hemp up entirely, and unless prompt and proper precaution is taken, the hemp will probably be damaged very materially. The volunteer hemp has also made its appearance in the hemp fields, and has completely covered the hemp spread on the ground, and it would be well enough for the farmer to look after his hemp, and watch it closely to prevent any damage or loss."

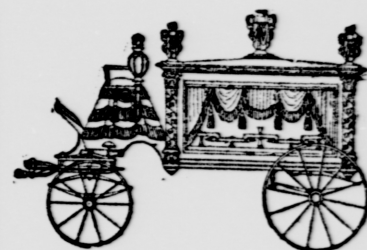

About The Railroad.

It has been announced through Louisville papers that the Southern Railway will soon begin the construction of its road from Harrodsburg to Danville. This report comes pretty straight, and while we are doubtful that it will be done, yet it may be true. If it is the intention of the Southern to continue this line from Danville to Jellico, it would be a knock out for Lancaster, but we do not believe it will be extended from there. Mr. Spencer has told Lancaster parties all along that we were not out of the fight, and this, coupled with the fact that Judge Humphries, the chief attorney for this road in Kentucky, says Lancaster should not lose hope, leads us to adhere to our original opinion that when the connection for the South is made it will come through Garrard. Before giving up the fight, our people should remember that the road hasn't yet secured the right of way through Mercer and Harrodsburg, and will not do so without a hard fight. Mercer county people are not going to allow all that taxable property to be taken from her borders without a fight, and if the terminal is made at Danville it means that the shops, etc., will be moved from Burdgin. If there was no intention of coming through Garrard, we don't see why one of its officials would be "consoling" our people for such a thing is never done by railroad companies.

If the extension is made on to the south from Danville, it necessarily passes through Lincoln. Lincoln has all the roads she needs, and you can wager she is not going to give the right of way. The Garrard line is the best, and as the road can get it free, we don't believe it will extend the other way. This matter has drifted about far enough, and THE RECORD would advise the Commercial Club to write Mr. Spencer and ask a definite answer, and if such is not forthcoming, return the notes it holds to the givers, and destroy the right-of-way papers. Lets have an understanding.

CENTRAL RECORD.

LOUIS LANDRAM.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Lancaster, Ky. Nov. 27, 1902.

WERE it not for the hustlers in Louisville, we fear old Kentucky would never have her vast resources made known to the outside world. An effort was made to have the recent legislature appropriate money for a creditable display at the great St. Louis Fair, but a number of hayseed representatives, who ought to have been pulling the bell-cord over a mule, voted it down. Realizing the necessity of a good exhibit, a number of Louisville hustlers undertook to carry out the plan. The Commercial Club took hold of the matter, and now it is a sure "go." The Louisville business men have awakened to the fact that to be in the fight, Kentucky must push herself to the front, and if the people out in the state would lend them any kind of assistance, they would certainly bring about wonderful things.

MRS. CARRIE NATION, who was born and raised in this county, continues to attract attention all over the country by smashing saloons. She attended the New York horse show last week, and, walking up to the private box occupied by the Vanderbilts, proceeded to deliver a stump speech to the rich and merry party. She told them they had better take some of the money they were wasting on fine clothes and give it to the poor, or lend a helping hand to suffering humanity, etc. She was telling the high-livers the gospel truth, and a few more such bombshells should be pitched into their camp. They live for self and self alone, and it's a good idea to call them down occasionally. Mrs. Nation is related to some of the best people in this county, and while her escapades are not altogether proper, yet her object is a worthy one.

THE Louisville Times is all right, A. I. in every respect, but if the splendid paper don't stop printing "continued" stories, the many long-suffering male subscribers are going to raise a mighty howl. "Did you cut out the Mississippi Bubble for me to night?" "Did you forget to bring the Times?" greets a fellow when he goes to supper, and the "fellow" having read the paper from end to end, has carefully forgotten to bring it home. Then comes the fire works. What hubby thinks and murmurs about Bob Brown, on his return trip for the paper containing the "to be continued," wouldn't look well in print.

HERE'S something to think about, ye Garrard county people. It has been suggested, and strongly endorsed, that the republicans nominate Hon. W. O. Bradley for governor, and make no other nominations. Many believe he would be elected. So far, so good. Now, it's a foregone conclusion that our other townsman, Hon. R. H. Tomlinson, will be nominated for lieutenant governor by the democrats. Of course he would be elected, and Gar-

ard would have the honor of furnishing governor and lieutenant governor. Now wouldn't that jar the cherries on your grandma's bonnet?

A MAN named McDonald, who fled to Europe from New Jersey, is said to be \$150,000 short with a building and loan association. There is evidently a mistake in the reported shortage. If he had stolen so large an amount, he could have remained at home and posed as a great "fee-nancier." If he has been compelled to flee to a foreign country, it's safe to say he stole a hog or a horse.

MEAT is so scarce, remarks the Hawsville Plaindealer, that if a fellow catches a "possum" his friends will walk 14 miles to spend the day with him. Mabe some men would, but we doubt it. It takes a good many men and a big lot of whisky to devour one "possum." There's always more "possum" left than anything else, after the "supper."

THE enterprising publisher of a Tennessee newspaper gave away a bottle of whisky with every cash-in-advance subscription. It must have been an expensive plan, but it furnished golden opportunities to the long-faced hypocrites who want a nip but are afraid to go into a saloon after it. There are many of that kind in every community.

THERE was a case of genuine justifiable homicide at Somerset last week. One boarder killed another for loud snoring. If there was ever anything that would justify the taking of human life, we believe that is it. Some fellows evidently practice the "art," and can keep as much noise as the blower on a locomotive.

THE most complete and successful souvenir edition we have seen is that sent out by the Shelby Sentinel this week. It is a great advertisement for the town and county, and shows what hustling Charley Lewis and his splendid office can turn out.

Matters of Interest to The Good Ladies Who Fight The Rum Traffic.

Mrs. Jack Naylor, the heroine of the first prohibition election, paid her dues and said that she was just as strong in the temperance cause now as then.

All of the states have passed a law requiring Scientific Temperance Instruction in all of the common schools. Is that law being executed? The series endorsed by Mrs. Nunt and adopted by the Garrard county Board is: Election Temperance Physiology. The House I Live In. Youth's Temperance Manual (Ell F. Brown) Guide to Health.

A Cracker-Jack.

A business man of Kokomo To hunt the gamey bass did go. He fished and he fished from morn till night, But all the bass refused to bite. To his great joy at last he took A striped beauty on his hook, Which set his soul with pride afire; So to his wife he sent a wire: "I've got one—it's a Cracker-Jack; Weighs four pounds." She answered back, "That's not so much—I've got one too; Weighs fourteen pounds and looks like you."

The basket supper at Beechwood was a successful affair and quite a good sum was realized.

Remember the entertainment and basket supper at Mans school house Friday night Nov. 28th. Band music. Entertainment free.

A lady in this vicinity reports that she has strawberries blooming, a second crop of tomatoes, roasting ears and mustard greens.

Quite a number from here attended the memorial services at New Hope church last Sunday. The sermon was beautiful and impressive. Miss Wallace possessed a lovely and noble character and died in a great cause.

Higgins and Miss Linda Gormley, of Richmond and Mr. Higgins Woods, of Cincinnati, attended the memorial services Sunday and were with Mrs. Sue Wallace. Mr. and Mrs. Louis Doty, of Stanford, visited at O. T. Wallace's this week. Mrs. Belle Mendren returned from Brodhead, where she has been with her daughter Mrs. Ed Newland, for a week. WALLACETON.

George Mitchell sold a nice sow to Bynum Pitts for \$11.

But little fall plowing has been done in this section on account of the ground being too hard and dry, but the nice rains of last week entirely removed that hindrance.

Thirty years ago Mr. Hiram Bowlin rode to this place where he now lives and stuck his switch, a golden willow, into the ground. Today the switch measures seven feet and seven inches in circumference.

Dave Bowlin's house and contents were entirely destroyed by fire Saturday night. His wife, who is an invalid, was at his father's and Dave built a fire, then went to assist her home but being prevented by the rain from returning, the house took fire and was burned during his absence.

On the 13th inst., that being the birthday of Henry Elliott, assistant foreman of the force at work on our new church here, his mother, Mrs. C. H. Baker, treated the entire crew of workmen to a warm dinner so nice that it was surpassed only by the kindness of the donor herself; and now all the workmen are longing for the birthday of some other generous mother's son.

An effort is being made to have the present daily mail route from Paint Lick to this place extended on to Berea. If the project is successful, which it certainly should be, the people of Wallaceeton and vicinity would then have as good mail facilities as any of our larger neighboring towns instead of receiving much of their mail from 18 to 30 hours after it is almost within "hallowing distance."

Don't forget the date, Dec. 4, for Henry Watterson's lecture at Danville.

Moderate drinkers belong to the same class as the moderate stealers.

The Paint Lick people have been attending services held by Rev. Omstead, at the Christian church, Kirksville. He has had several additions up to date.

The largest audience that ever gathered at New Hope church was out Sunday morning to listen to the beautiful and impressive memorial service held in honor of Miss Fannie L. Wallace, who died in Tampico, Mexico, with yellow fever, held by Rev. Young, pastor of that church, and Rev. Haddon, of Lexington. The family have the sympathy of the entire community. Batson and W. West, of Lancaster.

"When I have time,"

"When I have time so many things I'll do To make life happier and more fair For those whose lives are crowded now with care; I'll help to lift them from their low despair— When I have time!"

"When I have time, the friend I love so well, Shall know no more these weary tugging days; I'll lead her feet in pleasant paths always, And cheer her heart with words of sweetest praise— When I have time!"

"When you have time, the friend you hold so dear May be beyond the reach of all your sweet intent; May never know that you so kindly meant To fill her life with sweet content— When you have time!"

Now is the time! Ah, friend, no longer wait To scatter loving smiles and words of cheer To those around, whose lives are now so dear; They may not heed you in the coming year— Now is the time!

HON. R. H. TOMLINSON.

Of Garrard County, Who is a Candidate for Lieutenant-Governor.

Shelby Sentinel:—Hon. Robert H. Tomlinson of Garrard county, who is an announced candidate for the Democratic nomination for Lieutenant-Governor, is one of the best known Democrats of the Eighth Congressional district and a lawyer of marked ability and great renown.

He has served Garrard county and his Senatorial district in both branches of the Kentucky General Assembly, always with credit to himself and constituency and according to true Democratic principles, which he cherishes and spares no effort to continually advance. Judge Tomlinson is the present Representative of Garrard county in the Kentucky Legislature, and is freely accorded the distinction of being one of its ablest members, both in point of ability and experience. In 1896 he was chosen a delegate from the Eighth district of Kentucky to the Democratic National Convention held at Chicago, and which nominated W. J. Bryan for President and formulated the new Declaration of Independence.

Judge Tomlinson has always taken a most active part in politics and was for ten years Chairman of the Garrard County Democratic Committee. He is the mentor and leader of the Lancaster bar and no important litigation in that section would be complete as regards the record unless Garrard's favorite son was one of the attorneys.

Personally, Judge Tomlinson is a most agreeable gentleman and extremely popular with the rank and file of the Democracy, who will rejoice to see him secure the Lieutenant-Governorship, to which he aspires, as a very feeble reward for his past efforts and services in behalf of Democratic principles.

What Credit Is Based On.

Many young men, beginning a business career for themselves, make the mistake of supposing that financial credit is based wholly upon property or capital. They do not understand that character and reliability, combined with aptitude for one's business, and a disposition to work hard, are far more important assets to have than millions of dollars. The young fellow who begins by sweeping out the store, and who finally becomes a clerk, manager or superintendent by his energy and reliability of character, does not usually find it difficult to secure credit to start in business for himself. On the other hand, jobbing houses are not inclined to advance credit to the man who, though he may have inherited a fortune, has shown no capacity for business, and is of doubtful character.

The young men who start for themselves, on a small scale, are more energetic, work harder, are more alert, are quicker to appreciate the chances of the market, and are more polite and willing than those with large capital.

The credit men in jobbing houses are very quick as a rule, to see the success qualities in prospective buyers, and seldom make a mistake in their estimate of what credit it is safe to extend.—Ex.

Usually The Way.

Paris Gazette:—Elder McGarvey who is objecting to organ music in church, may find himself in the predicament a former resident of Millersburg once was. The Millersburg man was bitterly opposed to organs. He was a Methodist and his church bought one. The man withdrew and joined the Presbyterians. It wasn't long before the Presbyterians bought one. The man got his letter and put it in the Baptist church. They immersed him and sat him by the stove to dry. The steam had hardly quit rising from his clothing before someone rolled in an organ. He demanded a letter, got it and joined the Disciples. Wasn't there over two months before the Disciples bought the finest organ in town. He got his letter on application, but had no place to put it, as all the churches had instrumental music. Just at that time the Methodist organ got out of order and refused to emit a sound. The organ later immediately rejoined the Methodist. He was marked for reference and called on to lead in prayer. While he was addressing the throne, a member of the choir got to caressing the organ keys. Somehow they dislodged the spawg nest that had been built in the works, and the organ loudly protested against the spirit of the prayer. The man was asking for the suppression of reed-instruments. He sprang to his feet and demanded his letter. Got it, went to Battle Ridge, four miles over in Nicholas coun, and joined there. In a year that church got an organ. The man moved west, but to the end of his life he was pursued by avenging organs.

Watterson In Danville.

Arrangements have been completed for a lecture by Hon. Henry Watterson in Danville on Dec. 4th. The many admirers of the great Watterson are delighted to learn of this arrangement, and will take advantage of the opportunity to hear him. It is seldom the people out in the country have a chance to hear Mr. Watterson, and as such a large crowd will attend it would be well to write Mr. Henry Edmonds, at Danville, and secure seats, as standing room will be at a premium.

Do peddlers pay taxes in your town? Do peddlers trust you until you sell your tobacco? Do you warm your shins at the fire furnished by peddlers when you come to town? Do peddlers pay taxes, in your country? Do peddlers help keep up the schools and churches? Have peddlers any interests in you except to get your money? Do peddlers correct mistakes? Are peddlers traveling through the country for their health? Do peddlers sell you goods when you have no money? Did you ever buy anything from a peddler that you could not have bought as cheap in town? In addition, we may add, that as a rule the merchant who advertises is a good man to buy from. LITTLE WOMEN.

Nature dates womanhood from the period when the womanly function is first established, so that nature's little women are school-girls, shop-girls, etc. And therein lies a danger. This period is one of the most important in a woman's life, the mental effort of study, the physical effort of labor, are doubly exhausting at this season, and coupled with neglect or ignorance are often responsible for irregularity and other womanly ailments.

Dr. Pierce's Favorite Prescription may be relied upon to carry the woman safely through this period, as it does through maternity and the later change of life. This great medicine establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"Two years ago my daughter's health began to fail," writes Mrs. Dan Hall, of Boonville, Green Co., Wis. "Everything that could be thought of was done to help her, but it was of no use. She kept failing and I gave up, thinking she must die. I must say, Doctor, that only for your 'Favorite Prescription' my daughter would have been in her grave to-day. When she had taken one-half bottle the nature's function was established, and we bought another one, making only two bottles in all, and she is completely recovered. Since then she is as well as can be."

Dr. Pierce's Common Sense Medical Advice, in paper covers, is sent FREE on receipt of 21 one-cent stamps to cover expense of mailing ONLY. Address Dr. R. V. Pierce, Buffalo, N. Y.

Missouri is truly a wonderful State. A recent wind storm blew nearly 500 bushels of apples from the trees in Lowmiller's orchard near Parkville, and so thick was the fruit that the absence of that blown off was barely noticeable.

Eastern Kentucky produces two-thirds of the sorghum molasses sold in the northern markets. The crop in Greenup county this year is estimated at two thousand barrels, and several Sandy Valley counties will produce a larger amount.

An Owensboro man is the inventor of a tobacco press that will effect a great saving in the cost of handling tobacco, and also do the work much more quickly and vastly better than the old hand method. It can prize a hoghead in from three to four minutes, and a single press can turn out forty hogheads a day. Two hogheads a day is good work for an oldstyle press.

All over Illinois there is a drift toward increasing values of farm lands. In half a dozen counties in the central portion of the State lands are held at from \$120 to \$160 per acre and in many instances owners of land refuse to fix any price whatever. That this condition is partly due to good crops is admitted, but there are other things, too, that have been making increased prices of farm lands, and not least are the better means for communication between country, town and city by steam and electric roads, rural telephones, rural mail delivery and other comforts which a short time ago were luxuries even in good sized towns. The man who owns a farm and manages fairly well has a competency.

A new and important use for Refined Paraffine Wax seems to have been discovered by a prominent resident of

CATARRH

The treatment of Catarrh with antiseptic and astringent washes, lotions, salves, medicated tobacco and cigarettes or any external or local application, is just as senseless as would be kindling a fire on top of the pot to make it boil. True, these give temporary relief, but the cavities and passages of the head and the bronchial tubes soon fill up again with mucus.

Taking cold is the first step towards Catarrh, for it checks perspiration, and the poisonous acids and vapors which should pass off through the skin, are thrown back upon the mucous membrane or inner skin, producing inflammation and excessive flow of mucus, much of which is absorbed into the blood, and through the circulation reaches every part of the system, involving the Stomach, Kidneys and other parts of the body. When the disease assumes the dry form, the breath becomes exceedingly foul, blinding headaches are frequent, the ears red, hearing affected and a constant ringing in the ears. No remedy that does not reach the polluted blood can cure Catarrh. S. S. S. expels from the circulation all offensive matter, and when rich, pure blood is again coursing through the body the mucous membranes become healthy and the skin active, all the disagreeable, painful symptoms disappear, and a permanent, thorough cure is effected.

S. S. S. being a strictly vegetable blood purifier does not derange the Stomach and digestion, but the appetite and general health rapidly improve under its tonic effects. Write us about your case and get the best medical advice free. Book on blood and skin diseases sent on application.

Why Not Remember?

Dear reader, please, for Heaven's sake, if not for the poor newspaper man's, remember that it is necessary to give your old address when ordering your paper changed to a new address. Unless this is done, it is necessary to look over several hundred post office lists to find where your paper is going, and it is often impossible to find your name in less than an hour's time. When ordering a change please say "Change my paper from Fiddler's Green to Jones' Cross Roads" and the paper man will know what you are talking about. This matter causes more trouble in a printing office than nearly any other one thing.
